Subject Off Site Rule Determination For Kalamazoo River/Plainwell
Impoundment Project

Sam,

Today, at about 8:00 central time, I spoke with Will Damico, our Off-Site Rule Coordinator. I asked if an Off-Site Rule determination had been made for the C&C Landfill, in Marshall, MI. Mr. Damico indicated that a request for a determination for this facility was made in Mid-May by Matt Bowman. Mr. Damico indicated that the facility had been inspected in April, 2007, and that it was acceptable.
